Water Soluble Films

BIO-SOFT N-900

BIO-SOFT® N-900 is a nonionic surfactant blend that is an excellent cleaner, degreaser, and detergent. It can be formulated into concentrates and ready-to-use products for household, industrial, and institutional applications. BIO-SOFT® N-900 is stable in both aqueous acidic and alkaline solutions, allowing for use in a wide range of products. It is compatible with anionics, amphoteric, cationics and solvents.
